AMADOR TENNIS CLUB

February 2010

ATC's 2010 COMMUNITY TENNIS PROJECT

Repair & Resurface Argonaut Tennis Courts

Help Protect Our Investment – Our local tennis community raised \$46,000 for tournament-quality lighting in 2000-2001. We are very fortunate that hundreds of tennis-loving adults, kids, and high school players enjoy our facility at no cost!

Project Target – \$20,000*. ATC Board of Directors voted to commit \$2200 in seed money from our general fund and Junior Team Tennis reserves to kick off this project. Thanks to generous contributions from individuals and the cities of Lone and Jackson,
WE'RE OVER 75% OF THE WAY TO OUR GOAL!

What YOU can do to help:

- Join the club and pay your annual membership dues (form below)
- Designate a donation – any/all amounts will help, and your donations are **TAX DEDUCTIBLE** (ID#04-3657325)
- Participate in fundraising activities – Spring Recreational Tournament March 26-28. **SAVE THE DATE** and plan to play (BBQ, raffle, fun & healthy competition; registration begins mid-February, ages 16 and up)
- Talk to your service organizations & community circles. Presentation materials are available by calling 304.0004 or emailing info@amadortennisclub.org
- Watch for & let us know about grant opportunities – matching funds grants could take us a long way
- Call us with your good ideas for fundraising – Rosalie Escamilla, Fundraising Chairperson: 304.0004

*Based on early estimates. Formal bids may show the need to be higher

Your tax-deductible contributions allow ATC, an all-volunteer organization, to continue growing tennis in Amador County and to pursue capital improvement projects at our local tennis facilities.

Any amount you can afford to donate will be gladly accepted.

- I've enclosed \$10 for my 2010 family / individual membership.
- I've enclosed \$_____ for the Argonaut Court Restoration Project.
- Yes, count me in to play at least one event in the March tournament.
- I'd like help out by donating a raffle prize or getting one donated.

Please make checks payable to ATC and return to:
